COL. JOHN E. PENN DEAD

A Brave Soldier and True Man Passes Away

After an illness of four weeks of Typhoid Fever—He Was Born in Patrick County in 1837 and Came to Roanoke in 1885—His Record as a Soldier and Citizen.

Col. John E. Penn died last night at 8:15 o'clock, at the family residence, 546 Campbell avenue s. w., after an illness of about four weeks, of typhoid fever. He leaves a wife and eight children, one son, Gabriel H., and seven daughters, namely, Annie H., Lucy D., Susie, Huldah H., Ida, Elma and Willie, the baby.

The funeral services will be conducted by Rev. Dr. Carson, at Greene-Memorial, on Sunday morning (the hour has not been arranged), after which the interment will take place in the City Cemetery.

Colonel Penn was born near Penn's Store, in Patrick county, on July 3, 1837, and was 58 years, 2 months and 24 days old.

His father died when he was quite small, leaving his widowed mother and one other son, William Penn. He was educated at Randolph-Macon College and took the law course at the University of Virginia, having just begun the practice of his chosen profession when the war broke out.

He then formed a volunteer company and went into the Confederate army as captain and soon rose to the rank of colonel of the Forty-second Virginia Regiment. While acting as general in command of a brigade at the battle of Antietam he was wounded in the right leg, which was afterwards amputated.

When the war ended he resumed the practice of law at Patrick Court House, where he filled the office of commonwealth's attorney several terms, and was twice elected to the State Senate from the district composed of the counties of Patrick, Floyd and Montgomery.

While in the Senate it was mainly through his influence that the Virginia Agricultural and Mechanical College was established at Blacksburg.

He was married in 1867 to the daughter of Daniel H. Hoge, of Montgomery county. In 1882 he removed from Patrick county to Salem, where he resided for two and a half years, and in 1885 he came to this city, where he resided until his death. He was senior member of the law firm of Penn & Cooke and stood high in his profession; was a devout member of Greene-Memorial M. E. Church South, and was most highly respected by all who knew him.

THE INVINCIBLE PATCHEN.

Close Race Between the Great Patchers Yesterday at Sioux City.

SIoux CITY, Ia., Sept. 27.—Fifteen thousand people attended the races at the Sioux City fair to-day. The great race between Joe Patchen and John R. Gentry was the main event of the day and it proved a big card. In the first heat Patchen had the pole and led to near the stretch, where Gentry passed him and won. The time in the last quarter of the heat, 28 1/2, is one of the fastest on record. Only one other last quarter, it is said, was ever done in better time. This was made by Joe Patchen and was 28 1/2.

In the second heat Gentry had the pole and the race was nip and tuck all the way around. In the stretch Gentry made a grand effort to pass the big black, but failed and Patchen came in under the wire a neck ahead amid the cheers of thousands. In the next heat Patchen had an easy victory, coming in a full length ahead. The track was in excellent condition and had been especially prepared for the race. As it was, the time in the second heat, 2:04, equals Patchen's record.

ETHELWYNN THE VICTOR.

In the Fourth Race With Spruce IV She Wins.

OYSTER BAY, N. Y., Sept. 27.—The fourth race between the English half-bred Spruce IV and Ethelwynn, of Connecticut, was sailed to-day on Long Island sound, and was won by the American boat by one minute and twenty-two seconds.

It will be remembered that Ethelwynn quit yesterday after making one round. It was said then the Yankee stopped because Mr. Field, her owner, was afraid to trust his boat in a wind that was blowing some fifteen miles an hour and a sea that was at least sloppy.

Mr. Field retired from the contest personally, but allowed his boat to start to-day with his crew, E. H. Ball and the latter's brother, Fred, to run the boat.

A surprise came when Mr. Surdus, after reaching the club house, wrote out a protest. He was silent about its contents, but he handed it over to the committee, who immediately went into session to act upon it.

An Invasion of Bugs.
WICHITA, Kan., Sept. 27.—An invasion of bugs, amounting almost to a plague, took place in this city shortly after midnight last night. Electric street lights were entirely obscured, and the sidewalks and pavements were covered to the depth of an inch. The bugs even clogged the type-setting machines in the newspaper offices, and drove the operators from their keyboards. They were of several kinds. This morning the electric light men removed over 100 gallons of bugs from the globes of the street lamps.

A St. Joseph Mystery.
ST. JOSEPH, Mo., Sept. 27.—This place is mystified by the sudden disappearance of two young girls. The latest disappearance is that of Dora Kennedy, 14 years old, daughter of a workman in the railroad shops. She has been absent since Wednesday morning. As in the case of Maud Stedman, who disappeared last Sunday, the missing girl has dropped completely out of sight.

COTTON LOOKING UP.

The Business Situation Continues to Improve.

NEW YORK, Sept. 27.—R. G. Dunn & Co.'s weekly review of trade will say to-morrow: The speculation in cotton has lifted the price 1/2 during the past week, and quotations here are 50 cents higher than at Liverpool that from exports cannot be expected. It seems no longer possible to hope for a good crop, and Neill Bros. have issued a circular predicting a yield of only 7,000,000 bales.

The accounts of injury and loss grow more dismal each week, and while they may be somewhat exaggerated, the general outlook is decidedly unfavorable. But for the extraordinary supplies carried over from last year the manufacturers here and abroad would be in trouble. But prices of goods rise each week, adding to the profit of mills, which, on both sides of the ocean, can use for some time to come old cotton bought at low prices.

It is not clear yet how far the consumption will support the manufacturer at the present rate and at present prices for goods, through the demand from dealers is naturally urgent, while the market for the raw material is constantly rising.

There is still some chance of a strike in Fall River mills, though the rise in prices will make it easier for the mills to grant some advance in wages. Nothing is clear about the iron and steel manufacture, but some of the largest Pittsburgh concerns, professing to have orders for many months ahead, are bidding for small contracts in Eastern markets at \$1 to \$1.50 per ton less than the quoted rate. Some say that it is done to depress the market. Failures for the week have been 216 in the United States against 235 last year and 50 in Canada against 55 last year.

WRECK ON THE B. AND O.

A Number of Prominent West Virginians Injured.

GRAFTON, W. Va., Sept. 27.—Passenger train No. 1 on the Baltimore and Ohio railroad side-wiped passenger train No. 4 which was lying on the switch at Tunnelton, W. Va., early this morning. The sleeper on train No. 4 crowded with passengers was totally demolished and the engine of train No. 1 wrecked.

Ex-Secretary of State Wm. A. Olney, of Charleston, and United States Marshal Garden were terribly scared and are not expected to live. Miss Lula Downum, librarian of the State, was probably fatally injured. Hon. Neil J. Fortney and wife, of Kingwood, were badly scalded, and many other passengers more or less injured. It is somewhat remarkable that all the five victims are among the first people of the State. The accident is said to have been due to the engineer of the westbound train overlooking orders.

Governor Culberson's Proclamation.

AUSTIN, Tex., Sept. 27.—Governor Culberson's proclamation issued late last night convening the legislature next Tuesday to enact another prize fight law was a great surprise. There was some talk to-day that Populist and other political opponents of the governor may defeat the object by making a law to go into effect in ninety days. It requires a two-thirds vote to give immediate effect. Representative Ham Ward, a leading member of the house, to-day said that the legislature would undoubtedly pass a law to go into effect at once, and that it would make prize fighting a felony. He thinks that the law will be passed within a week after the legislature meets.

Reign of Terror in Armenia.

VARNA, Sept. 27.—Advices from Antioch state that Ottoman officials there have succeeded in exciting Muslims with representations of an impending massacre by Armenians. As a result of this Muslims, accompanied by police, raided an Armenian church and searched the building for arms. The Armenians resisted and in the conflict which ensued ten of them were killed. A reign of terror prevails at Kemah and Erzerum, owing to oppressions by the Turks. Many Armenians have been arrested.

The Late Silver Theft.

LONDON, Sept. 27.—One of the principal in the theft of 35,000 ounces of silver which had been shipped by Vivian & Company, of Swansea, to Sharp & Williams, of London, on Wednesday, has been arrested and a portion of silver recovered. The silver, which was in ingots, was taken from the van while in transit from Midland depot to the office of Sharp & Williams.

The Korean Minister Dead.

WASHINGTON, Sept. 27.—A cablegram received by the State Department to-day announced the death in Korea of Ye Sung Su, the Korean minister to the United States. The minister has been absent from his post for nearly a year, having returned to Korea at the beginning of the troubles in that country which led to the late war. He died of cholera.

Nine British Warships in China.

LONDON, Sept. 27.—The Pall-Mall Gazette, this afternoon, prints a dispatch from Shanghai, which says: "Appearances indicate that England is finally in earnest in regard to the massacres in China. Five warships are now on the river Yangtze Kiang proceeding towards the scenes of the disturbances and four more are expected to start to-morrow."

Mora Claim Paid in Gold.

WASHINGTON, Sept. 27.—Secretary Olney received information that the Mora draft for almost a million and a half dollars had been paid in London to-day by the Spanish financial agent. The money was paid in gold, and will probably be transferred to this country by cable drafts and placed to Secretary Olney's credit in the New York sub-treasury.

MR. W. W. WORKMAN will conduct three mammoth sales of oil paintings to-day—10 to 12 a. m., 4 to 6 p. m. and 7 to 9 p. m.—at 120 Salem avenue. A lightening artist will give free exhibitions of skill at each sale.

ENGLISH INFLUENCE WANING

Russia Now Dominant in Eastern Affairs.

The Change Has Been Gradual But None the Less Real—Russia Dictated the Evacuation of the Liao Tung Peninsula and It Is Believed Will Occupy Port Arthur—American Capital Is Wanted.

WASHINGTON, Sept. 27.—Reports coming here to the officials and to the diplomatic representatives of eastern countries indicate that the Slavonic or Russian influence is becoming dominant and that the Anglo-Saxon or English influence which has hitherto been uppermost in the development of the east, is being systematically and surely eliminated from the control of China and the east.

This evolution is regarded as of great importance. The advance of Russian influence and the retirement of the British has come by almost imperceptible stages, none of which has been sufficient in itself to attract marked attention, but all of them combine toward complete Russian supremacy. At the close of the recent war, Russia dictated the evacuation of the Liao Tung peninsula and the great fortress of Port Arthur, which had been captured by Japan.

It is now believed, by those in a position to be officially informed of the situation, that it is the ultimate purpose of Russia to occupy Port Arthur, and that the formal evacuation by the Japanese will be followed, before long, by a Russian entry under Chinese approval. After Russia had dictated the retirement of the Japanese from Port Arthur, the Russian government advanced the vast sum necessary to pay the first instalment of indemnity to Japan.

The amount reached \$100,000,000 in gold, including the war indemnity and the payment for the release of Port Arthur. This has been followed within the last few days by reports of the establishment at Shanghai of a Russian bank, which would be a medium of China's financial dealing with Russia. Those are some of the principal events which were regarded by those in official positions as tending towards Chinese dependence on Russia. While Russia is thus making her hold on the east secure the English influence is being thrown off by a succession of events, some of them threatening to occasion serious trouble.

The Chinese have dismissed Sir Robert Hart from the head of the customs department. Sir Robert was the principal representative of English influence in China. He had modeled the Chinese customs service on English lines and offered it with foreigners.

His title was conferred upon him by the queen by reason of his conspicuous service in China. His retirement has been followed by a demand by China for the recall of the British minister at Peking, the ostensible reason being the zeal of the minister in the recent investigation of riots against foreigners, though those conversant with the facts say that the real reason was the influence of Russia.

A striking illustration of the change in China has come to the attention of the officials here. An American gentleman recently arrived in Washington after having been in China for some time negotiating for the building of a railroad with American capital. He found the Russian influence so strong that he went to the Russian ambassador at Peking to learn if the American project would be viewed with favor by the Russians.

The ambassador said: "Yes; American and American capital will be welcome in the development of China, but British capital is not wanted." In the most emphatic manner the ambassador made known his opinion that British influence in China was at an end, that Russia had openly entered upon her course of controlling and developing China.

The Proposed Prize Fight.

CHICAGO, Sept. 27.—The Chicago sporting contingent did not seem to be much alarmed at the action taken by the governor of Texas. They say it is one thing to call the legislature together and another to secure the passage of a law prohibiting fighting. Dan Stuart last night telegraphed F. E. Kennedy, who expects to run a train to Dallas for the fight, that the mill will take place in the Indian Territory if a law was passed preventing it in Texas.

To Suppress Lawlessness.

NASHVILLE, Tenn., Sept. 27.—Law-abiding citizens of Lewisburg held a mass-meeting, adopted resolutions and organized for the purpose of assisting the sheriff and other officers of the law in arresting and suppressing bands of disguised men, who have been committing deeds of violence and robberies in Lewisburg and Marshall counties. Masked riders have increased to such an extent that citizens have taken this step to aid in their suppression.

Cyclone in West Virginia.

HUNTINGTON, W. Va., Sept. 27.—A cyclone passed over Greenbottom yesterday, doing great damage to property. Sixteen men were in one barn, which blew away, and John Nance and Will Gibly were horribly injured by falling timbers. Timothy Blake and Isidore Clarke were seriously injured. The storm lasted only a few moments.

The Cornerstone Laid.

CHARLOTTESVILLE, Va., Sept. 27.—The cornerstone of Christ Episcopal Church was laid to-day with Masonic honors and ceremonies. An address was delivered by Capt. Minnie Woods and the Masonic address was made by Judge R. T. W. Duke.

THE United States Government reports show Royal Baking Powder superior to all others.

CONTEST FOR THE PENNANT.

Two Exciting Games Between New York and Baltimore Yesterday.

NEW YORK, Sept. 27.—Had the New Yorks and Baltimores played for the Temple cup to-day the excitement could not have been greater than it was this afternoon. Fully 7,000 persons assembled at the grounds anxious to know the final outcome of the first two games of the series of four, which will bring the baseball season in this city to a close.

The result of this series will tell whether the pennant will fly in Baltimore or in Cleveland in 1896. The Orioles must win two in order to gain it. Rusie was selected to pitch the first game to-day, which was the one postponed from the afternoon of July 4. McMahon did the twirling for the visitors.

It was a see-saw contest. With the score tied in the ninth inning and one out Stafford hit safely to center. Fourteen thousand eyes were glued on Farrell when he came to the bat. He waited patiently until he got a good one and passed it to deep center for three bases. Stafford in the meantime came tearing across the plate with the winning run and the crowd acted like maniacs.

Meekin and Hemming were the pitchers in the second. Meekin was hit hard, while Hemming was well-nigh invincible, which accounts for the Orioles' easy victory. Darkness put an end to the game in the sixth inning. Keefe could not umpire the second game, owing to illness.

Score:
New York..... 0 0 0 0 4 0 2 1—2 R. H. E.
Baltimore..... 0 1 1 0 0 2 0 2—6 10 0
Batteries—Rusie and Farrell; McMahon and Robinson.

Second Game:
New York..... 1 0 0 0 1 0—2 R. H. E.
Baltimore..... 2 0 2 0 1 1—7 12 3
Batteries—Meekin and Farrell; Hemming and Clarke.

At St. Louis:
St. Louis..... 0 0 2 0 1 1 0 0 3—7 R. H. E.
Pittsburgh..... 0 0 1 0 0 1 0 1 0—3 R. H. E.
Batteries—Brettenstein and Otten; Hawley and Mack.

At Washington:
Washington..... 1 0 0 0 1 0—2 R. H. E.
Boston..... 1 2 1 0 0 0 1 0—11 R. H. E.
Batteries—Clancy, Malarkey and McIntire; Barks, Nichols and Ryan.

At Philadelphia:
Philadelphia..... 5 0 1 3 0 0 3 0 2—14 R. H. E.
Brooklyn..... 0 0 4 0 0 0 0 4—14 R. H. E.
Batteries—White, Luedel and Grady and Buckley; Kennedy and Grim.

At Chicago:
Chicago..... 3 3 3 1 2 0 1 2—12 R. H. E.
Cincinnati..... 2 1 0 3 0 0 0—6 R. H. E.
Batteries—McFarland and Donohue; Rhines and Vaughn.

The Temple Cup Games.

CLEVELAND, Ohio, Sept. 27.—Manager Tebeau, of the Cleveland Baseball Club, telegraphed from Findlay, Ohio, that the games for the Temple Cup will be played in Cleveland October 2, 3 and 5, and at Baltimore October 7, 8 and 9. The place of playing the seventh game, in case of a tie, has not been decided.

Struck the Umpire With a Bat.

RICHMOND, Va., Sept. 27.—Richmond won from Nashville to-day on two home-run hits by F. E. Myers which netted six runs. Both teams played fast. Third baseman Myers of the Nashvilles became angry at a decision of Umpire Hoggins in the seventh inning and hit him in the side with the bat. Hoggins fell in semi-conscious condition and had to be taken off the field. The side struck was paralyzed for nearly an hour. The crowd rushed in the field after Myers and one or two got in blows on him before the police could get the player off the field. Myers is under arrest and will have a hearing to-morrow.

Richmond..... 0 3 5 0 2 0 2—11 R. H. E.
Nashville..... 1 3 0 0 0 0 0—4 R. H. E.
Batteries—Gillen and Foster; Hahn and Sweeney.

Turkey Agrees to an Investigation.

CONSTANTINOPLE, Sept. 27.—An Armenian named Guedjian, who claimed to be a citizen of the United States, was recently sentenced to a long term of imprisonment upon the charge of being an emissary of an Armenian revolutionary society. The United States consul at Aleppo, where Guedjian was confined, was not allowed by the authorities to visit the prisoner. Alexander W. Terrell, the United States minister to Turkey, demanded of the sublime porte that sentence in the case of Guedjian be suspended until it could be ascertained whether or not he had forfeited the right of protection by the United States. The Porte has now telegraphed to the authorities to allow the United States consul to investigate the case and to see the prisoner.

To Boycott National Democrats.

RICHMOND, Va., Sept. 27.—Comment here on United States Senator Thomas S. Martin's position in declining to say how he stands on the silver question has been increased by his speech made last night before the State Democratic committee, in which he advised against allowing any speakers from outside of Virginia to come here and create agitation of the currency question. His position in favor of putting a Virginia Democratic boycott on all prominent national Democrats is antagonized by a large element in his party.

Law Suits Lead to a Tragedy.

PERRY, O. T., Sept. 27.—A terrible fight occurred yesterday north of Stillwater and twenty-five miles east of here, in which James Slabaugh was shot and killed and John Foote's head was split open with an axe. Charley Slabaugh is in jail charged with murder. John Foote and James Slabaugh have been contesting for possession of a tract of land for years. They have made many lawsuits and quarrels, culminating in the tragedy.

Moonshine Desperados Captured.

NASHVILLE, Tenn., Sept. 27.—United States Revenue Collector Bond has received information of the capture, in Hardin county, near the Mississippi river, of George Davis and Bob Thomas, two noted desperate moonshiners. Davis for ten years has defied Federal and State authorities, and last year fled into a posse of deputy marshals, wounding one seriously. The capture is considered a most important one.

Big auction of oil paintings to-day at 130 Salem avenue, next to Watt, Retz & Clay's.

DURRANT'S ALIBI A FAILURE

Attorneys For the Defence Groping in the Dark.

The Extravagant Assertions Made by Them at the Opening Have Not Been Sustained—The Stoleism of the Prisoner Only Equalled by That of His Mother—Her Conduct a Mystery.

SAN FRANCISCO, Cal., Sept. 27.—If Theodore Durrant has anything tangible upon which to base his denial of the charge that he murdered Blanche Lamont and Minnie Williams, his attorneys have failed to give satisfactory evidence of the fact. After two days, devoted to testimony of the defense, the trial was adjourned at noon to-day until next Tuesday.

In the meantime, however, the defense has disclosed enough to satisfy the prosecution that Durrant's attorneys are groping in the dark in the hope that something may develop within the next few days to save the prisoner's life. The weakness of the defense is made more apparent at this time on account of the extravagant assertions that Durrant's attorneys have uniformly made since the trial began.

The same line of extravagant claims was continued when Attorney Dupuy made his opening speech for the defense. "Not only will the prisoner tell with his own lips the simple story of his life on the day that Blanche Lamont was murdered," said Dupuy, "but Dr. Cheney will tell you that Durrant was at the Cooper Medical College at the very hour when the murder of Blanche Lamont is said to have taken place. Besides that, we will prove to you that Durrant never tried to pawn Miss Lamont's ring at Oppenheim's store. On the contrary we will bring forward the young man who did try to pawn a ring at Oppenheim's similar to one worn by Miss Lamont."

In view of these startling statements, it was first believed that the defense might have a strong case held in reserve, which would put to a severe test the case of the prosecution. In one day, however, the case of the defense crumbled and fell of its own weight, and to-day Durrant's alibi has not a leg upon which to stand. Dr. Cheney, who was expected to tell so much for the defense, was as strong a witness for the prosecution as has taken the stand during the trial. Instead of fulfilling Dupuy's statement, and swearing that Durrant attended a lecture at Cooper Medical College on April 3, he said he had no recollection of seeing the young medical student there. The denial dumfounded the defense.

The apparent hopelessness of his case, however, produces no change in the demeanor of Durrant. Day after day he sits in the courtroom beside his father and mother and listens to the evidence against him without a sign of emotion. This stoicism on the part of the prisoner is only surpassed by that of his mother. Mrs. Durrant seems to have no conception of the gravity of her son's situation. Attired in waving plumes and a tailor-made gown, such as a lady might wear at a matinee, she laughs and chats with her friends while the evidence that the prosecution believes will hang her son is being put in against him. To frequenters of the courtroom Mrs. Durrant's conduct is almost as unfathomable as that of her son. Durrant's father, however, looks careworn and gives evidence of the intense mental strain through which he must be passing.

Herreshoff Awarded the Contract.

WASHINGTON, Sept. 27.—Secretary Herbert to-day awarded to the Herreshoff Manufacturing Company the contract for building two of the new torpedo boats authorized by the act of the last Congress. Mr. Herreshoff was the lowest bidder at \$144,000 for each boat. The third boat will go to Moran Bros., of Seattle, Washington. If the department is satisfied of their ability to do the work.

Fatally Hurt by a Fall.

RICHMOND, Sept. 27.—John Moretti, a man ninety years old, was fatally injured to-day by a fall from a window at the home for the aged and infirm. His power of speech which had been paralyzed was recovered after the fall and he talked during the hour he lived.
